USB WRITEBLOCKER™

Forensic In-line USB Write-Blocker

- Easy, Write-Blocked Access to USB Drives at up to 10 MB/s

- Works with USB Mass Storage Device

- Capture and Image 15-25% Faster than the Competing Product

- Compatible with Single Storage Devices with Multiple Mountable Volumes (multiple LUNs)

USB Write Blocker

We heard your requests. You told us that you needed a forensic solution to access USB flash drives or devices that cannot be removed from a USB enclosure. USB WriteBlocker works with devices that register as "USB Mass Storage" devices, very common for thumb drives and storage enclosures. USB WriteBlocker is also compatible with other devices that register in the same way, such as some Cellular Phones and Digital Cameras.

Keeping it Simple

USB WriteBlocker has two ports and one LED and is very easy to use. Simply attach the target drive to one end and attach the computer to the other. The LED confirms power to the device and simultaneously confirms that the Write-Blocking Technology is active.

Software Utility

Usually the Operating System has access to information about a volume attached through USB. Because USB WriteBlocker is acting as a filter, the Operating System only sees USB WriteBlocker. The utility "UWB Device Information Viewer" will display information about devices connected to USB WriteBlocker and allow you to save them in any format you wish.
SDK/API

WiebeTech is extending support to the development of forensic software by freely distributing a software development API and software development kit so that programmers can query USB WriteBlocker for information about connected devices.

FEATURES	BENEFITS
Write-Blocked	Protects drive's contents by preventing disk writes. Uses WiebeTech in-line write-block technology
Compact Design	Not much bigger than a pack of gum, this is the smallest USB WriteBlocker on the market
Fast Performance	With less processing overhead, USB WriteBlocker operates 15-25% faster than the competing product
No External Power Supply	USB WriteBlocker circuitry is powered by USB bus power and not an external power supply
Simple to Use	Attach a drive to USB WriteBlocker and attach USB WriteBlocker to the computer - no configuration necessary

TECHNICAL SPECIFICATIONS

Data Speeds	Typically around 8-10 MB/s, speeds vary depending on the drive model and type
Data Throughput	USB 2.0 : 480 Mb/s
Compatibility	USB 2.0, USB 1.1 backwards compatible
Operating Temperature	50 - 85° Fahrenheit (10 - 30° Celsius)
OS Compatibility	Windows 7, Vista, XP and Mac OS X 10.5 and many distributions of Linux that support USB The USB WriteBlocker utility application, which reports identification information from attached devices, works with Windows XP (32 bit version), or Windows Vista (32 bit or 64 bit)
Operating Humidity	5% to 95%, noncondensing
Shipping Weights	1 lb., including accessories
Dimensions	10.5cm x 2.6cm x 1.6cm. Measured dimensions include rubber guard but do not include detachable lanyard

Removable Lanyard
Remount Button
Protective Rubber Shield
Status LED

to computer
32GB

First-class Tech Support

We don't want anything to go wrong with your WiebeTech product. But if it does, Tech Support is standing by and ready to help. We offer 90 days of free phone support at 1-866-744-8722. After 90 days, email support is available at support@wiebetech.com.

Removable Lanyard
You can keep USB WriteBlocker handy by wearing it everywhere you go. Or, remove the lanyard and slip the "gum package sized" device into a pocket or briefcase.

Remount Button
Connect another device to USB WriteBlocker and press the button - no need to unplug USB WriteBlocker from the computer to switch USB target devices.

Rubber Shield
Keeps USB WriteBlocker safe and clean, and folds back when you want to use it.

Status LED
Simultaneously reports power to the device and confirms that the Write-Blocking technology is active.

INCLUDES

- USB WriteBlocker
- USB Extension Cable
- Detachable Lanyard
- Limited Warranty Statement

Warranty Policy: USB WriteBlocker comes with 90 days of free telephone support (toll-free) and a two-year limited warranty. Other limitations apply — check warranty statement.
