

## DRIVEDOCK™ v4 SERIES

The easiest way to access a bare hard drive

- Unique design allows direct access of hard drive by direct connection to Dock
- Dual daisy-chainable FireWire ports\*; single USB2 port
- High-speed transfer rates
- LED indicators monitor operations
- Multiple powering options
- Small, tough aluminum case\*

\* Excluding USB DriveDock™ v4

### 3 Easy Steps

1. Attach drive to Dock
2. Plug in power (brick or 4-wire)
3. Attach Dock to computer

## DRIVE ERASER™

Quick and easy hardware solution that completely erases all data from your hard drive.

- Stand-alone operation. No computer required.
- Faster than software.
- Works with 3.5" or 2.5" IDE/PATA drives, or almost any drive with WiebeTech Combo Adapters.
- Standard Model with Single-Pass Mode.
- Pro Model with Single-Pass and Multi-Pass Mode for even more security.

## ULTRADOCK™ v4

The Premier v4 Drive Dock

- Quadruple connectivity: eSATA, FireWire 800, FireWire 400 and USB
- Drive attachments for 3.5" IDE/PATA drives, 2.5" and 3.5" SATA drives
- High-speed transfer rate with Oxford 934 chipset
- Multiple powering options; Multiple LED indicators
- Aluminum case is briefcase tough, with excellent heat dissipation
